

Prop 313

Provide for life imprisonment for an individual who is convicted of sex trafficking of a child

Proposed by AZ Legislature

A "yes" vote would require an adult who is convicted of a class 2 felony for child sex trafficking be sentenced to natural life imprisonment without the possibility for any form of release.

Democratic members voiced their continued concern that the measure could unjustly target victims of sex trafficking who are often used to lure more victims by their captors.

The group pushing the measure was inspired by the film "Sound of Freedom," which has ties to QAnon. *Source: AZ Mirror, 7/10/2024*
